Abducted here, freed 8 hrs. later

A railroad worker in the Terminal Railroad's Madison yards was freed eight hours after being abducted here while driving home after work early Saturday.

Joseph R. Clifton, 48, of Belleville, had driven about two miles south of Madison on Route 203 at 2 a.m. Saturday when he passed three hitchhikers. Hearing a thud as he passed the three, he returned to where he had passed them, fearing he had struck one of them.

As he stopped, one of the men forced his way into the passenger side of the car, holding a BB pistol, while another got in on the driver's side with a knife.

After driving about a mile farther on the highway, the

\$18 MILLION EXPANSION and improvement program at St. Elizabeth Hospital is in its early stages in this aerial photograph, looking south across Niedringhaus Avenue to the Binney Wing (left) at Niedringhaus

and Madison avenues and the Doctors' Wing (right background) at 21st and Iowa streets. Groundbreaking for a new ancillary building will take place Thursday evening.

Groundbreaking recalls 75-year hospital history

The local hospital traces its history 75 years, a fact being noted as St. Elizabeth Hospital prepares to break ground Thursday for its new ancillary building. Details of the history are given on Page 13 of today's Press-Record.

The public is being invited to the groundbreaking at 6 p.m. Thursday, when entertainment will begin. The ceremony will take place at 7 p.m. Thursday.

All activities will be at the new parking garage at 21st and Iowa streets.

Ronald McDonald, cartoon character who represents the fast food chain of that surname, will turn magician for the hospital's groundbreaking celebration.

The clown's 30-minute act will begin at 6:30 and will include performance of rope tricks, "disappearing object" tricks and other "hand-is-quicker-than-the-eye" routines. The audience will have an opportunity to participate.

Other guests will include St. Louis Football Cardinal Dan Dierdorf, Six Flags characters, Shriners "krazy klowns" and

area civic leaders. Beginning at 6 p.m. Thursday, children can be made up in clown faces by the Granite City High School North Miners.

Official groundbreaking ceremonies will be at 7 p.m. The ancillary building to be constructed adjacent to the Doctor's Wing, will create a

new main entrance and will house or expand a dozen hospital departments.

The addition, scheduled for completion in 1980, is part of an \$18 million renovation and construction project at the local hospital.

The public is being urged to attend the festivities.

Negotiate for overpass site

Plans to build a highway overpass spanning the railroad tracks between the downtown area and West Granite City on 19th Street advanced today as Mayor Paul Schuler prepared to begin negotiations for ten parcels of right-of-way needed for the project.

At the same time, Schuler, accompanied by City Attorney Lance Callis, left today for Washington where they are to confer with Illinois Senator Charles Percy and Cong. Melvin Price concerning additional sources of funds to help finance construction.

An ordinance authorizing Mayor Schuler to undertake negotiations and sign agreements for acquisition of right-of-way was approved unanimously by City Council members last week after the mayor told the aldermen there are funds available to finance right-of-way purchases if they become necessary.

The mayor told the council that the city now has ap-

proximately \$14 million available under the Federal Aid to Urban Systems program, \$550,000 allocated in Community Development funds and an estimated \$2 million expected from the Illinois Commerce Commission's Grade Separation Fund and other sources.

"This roughly \$3 million accounted for at this time, but I

am certain there will be other sources from which we can obtain construction grants."

He said that he and Callis are to meet with Percy and Price in Washington while the two officials are in Washington attending a meeting of the Steel Communities Coalition, an organization of representatives of major steel producers and

Holiday confusion

There will be considerable confusion related to the Memorial Day holiday observance again this year, which is expected to be the last in which the Illinois and U.S. approaches differ.

Most children will be in school and their parents will be off on Monday, May 29, while it will be a school holiday on Tuesday, May 30. Students attending public schools in Granite City,

Madison and Venice will attend school all day Monday, May 29, and observe the Memorial Day holiday on Tuesday, May 30. Classes will be resumed at the regular hours on Wednesday, May 31.

Two parochial schools, St. Margaret Mary and St. Joseph, both in Granite City, will also be in session on Monday, with a vacation day on Tuesday.

Confidence in future sustained GC Steel

While many other businesses fell by the wayside, Granite City Steel thrived and expanded during its first century due to repeated examples of confidence in the plant and its home community, Nicholas P. Veeder said at the centennial luncheon Thursday afternoon.

Retired chairman and president of the local plant, Veeder serves on the board of directors of National Steel Corporation, which acquired the division through a merger in 1971.

Six key decisions, the last one being the acquisition by National Steel, played major and positive roles in the 100-year success story, a gathering of 300 customers, suppliers and government officials was told

prior to a tour of the plant. Public tours took place Friday and Saturday.

Noting that the local company began in St. Louis in 1878 as the Granite Iron Rolling Mills, Veeder said the decisions "built a strong foundation for the Granite City Steel of today."

"There is a lesson to be learned from some of them."

"Decision One is an example. After a few years, William F. and Frederick G. Niedringhaus, the brothers who started all this, wanted to expand their Granite Iron Rolling Mills."

"The two brothers had come to this country as penniless immigrants in the 1850s. However, the business had done well and they had saved their money."

"They could afford to look elsewhere for an expansion site and, in 1892, they bought 3,500 acres of Illinois farmland."

"The Granite City Steel Works, St. Louis Sampling Works and other plants went up in the general area Granite City Steel occupies today."

Summer ozone advisory

Ozone advisories and alerts traditionally have not applied to the Quad-Cities. They generally relate to areas of Missouri and to the Wood River area of this county, north of Interstate 270.

But for the entire 1978 summer period extending from now through September, an ozone advisory has been issued by the Illinois Environmental Protection Agency for the entire seven-county Illinois "St. Louis air quality region."

Counties listed Saturday were Madison, St. Clair, Monroe, Bond, Clinton, Washington and Randolph.

An EPA spokesman said the advisory means that, under certain weather conditions, ozone levels in the air can reach or top 70 parts per billion.

"Until Sept. 30, people with heart or lung ailments are advised to reduce their physical activities and avoid long outdoor exposure," he added.

"The 70 figure is likely to be exceeded on many warm afternoons, dropping at night to a much lower level and then rising again in the late morning. This is especially the case when the air is stagnant, but it can happen on other days."

"The advisory is less stringent than an alert. During the latter, some industries may be required to close."

Elvis 'reincarnated' here

By GARY SCHNEIDER

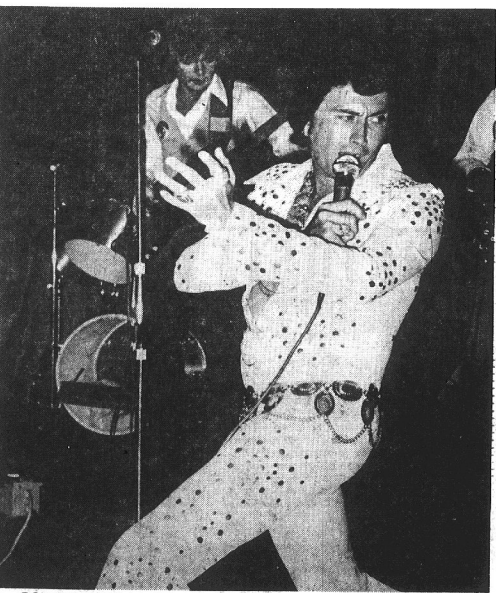

Press-Record Staff Writer

It may be the memory of Elvis, or the flashy costumes, or the enthusiastic, hard-working style of singing, or a backup group good enough to make it big by itself, but Don Hinton is pulling in a big crowd at Charlie's Restaurant and Lounge in Granite City.

Hinton has been at Charlie's before and has broken all house records, but the current crowds are showing that his fans don't care if they have seen his show before, they still enjoy watching him entertain.

Hinton has been an entertainer for 17 years, most of it spent imitating Elvis Presley, but with his own character showing through.

Colorful costumes recalling the late Elvis' famous on-stage attire, and lighting carefully coordinated with the music add to the effect.

A spotlight — flashing with the emphatic beats in the music and changing colors unexpectedly — grabs the attention of the audience and focus all eyes on Hinton.

The music is not all Elvis tunes. Hinton imitates Tom Jones even better than he does Elvis. Frank Sinatra also contributes a few tunes to the shows, but Hinton knows what the crowds like. He always returns to Elvis, even ending most shows with a religious song, as Presley often did.

A state-titled holder in the pole vault three years straight in Missouri during his high school days in the late 1950s, Hinton is in good physical shape and uses every ounce of strength he has in every show. No one doubts that he works hard on stage and is exhausted at the end of every set — just like Elvis.

He will be doing two shows a week on Hinton.

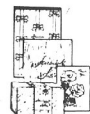

DON HINTON, Elvis imitator, who is drawing record crowds to Charlie's Restaurant and Lounge. Hinton uses flashy costumes and motions, special lighting effects and carefully selected music to create the mood of an Elvis Presley concert. He will be appearing Tuesday through Sunday, nightly until May 28.

That's how the old saying has it. Kids have that in common with cats—CURIOSITY. Medicines, both prescribed and over-the-counter, are generally not for children. They should be kept out of reach so as not to tempt inquiring fingers. Admonitions sometimes create curiosity where none existed, so just plain out of sight and reach protects innocent lives.

Plans also are being completed for the Amvets post and auxiliary unit to participate in a future parade, Logan said.

Suit contends struck by cycle

Kevin Farless has filed a two-count suit in Madison County Circuit seeking \$15,000 in each count from Tri-City Speedway, Inc., 5100 Nameoki Road, and C&P Security Services, which supplies guards for that track. Farless alleges that on July 26, 1977, while he was a spectator at a motorcycle race, a guard allowed him to pass into the pit area. While he was crossing the track, he was struck by a motorcycle and was injured, he contends.

He charges the track with failure to supervise the cycle drivers and to provide adequate safety precautions. In the second count, Albert G. Pritchett of C&P is accused of failing to keep spectators off the track area.

Payment of cost for Maryville Rd. signals studied

A recommendation as to whether or not Granite City will assume the cost of electric power for operation of traffic signals on the new Maryville Road at 23rd Street and at its intersection with Highway 162, is expected to be given by the City Council in its meeting Tuesday night.

The issue was referred to City Attorney Lance Callis last week after Monroe Brewer, city engineer, told council members that the original agreement between Granite City and Madison County highway officials does not specifically cover responsibility for power at those points.

Brewer said the cost involved is about \$50 per month for each light, or about \$100 per month.

Overpass
(Continued from Page 1)
communities whose economy depends upon the steel industry.

Cost of the overpass project is estimated at \$6 million.

The ordinance approved by the council also authorizes the mayor to retain an appraiser to help determine prices for right-of-way tracts, and listed ten parcels of land that will be required.

Land needed for right-of-way purposes under the ordinance include: one parcel owned by Southland Corp., three parcels owned by Prairie Farms Dairy, Inc., two parcels owned by Lybarger Materials, Inc., one parcel owned by American Steel Foundries, and three parcels owned by R. & H. Leasing Co.

Confidence

(Continued from Page 1)

NESCO, as it was called, decided to build their own blast furnace plant instead of shipping pig iron for the Steel Works from other cities.

"It was the right decision ... at the wrong time. The price of pig iron collapsed shortly before the new blast furnace was blown in. There were other problems, too.

"The entire plant was shut down from 1932 to 1941 and, at one time, the furnaces were almost sold to Japan.

"Fortunately, it was reopened instead by the Koppers Company in 1941 and was in full operation when Granite City Steel reached a size where further expansion depended on our obtaining control of our pig iron supply.

"We acquired the blast furnace plant in 1951 and have expanded its capacity many times since then.

"Decision Three came in the 1950s when the introduction of the continuous hot strip mill substituted massive use of electrical power for manual labor ... and made our land-back mills obsolete.

"Every other steel company in the United States in our size range was forced out of business.

"However, Hayward Niedringhaus managed to raise \$10 million ... a tremendous achievement when you remember this came at the bottom of the Great Depression ... and we survived by installing a new hot strip mill and a cold reduction mill.

"The next largest flat-rolled steel producer to survive the introduction of this costly new technology was 17 times larger

than Granite City Steel.

"Decision Four came when John Marshall moved here and decided our market and future prospects justified a substantial increase in size and capability.

"It was then that we acquired the blast furnace plant and financed a \$75 million modernization and expansion program.

"Our total assets at the time were only \$44 million but, fortunately, Mr. Marshall had assessed our market correctly.

"Decision Five came in the mid-1960s and, again, Granite City Steel was confronted with a question of survival.

"The development of basic oxygen furnace steelmaking was clearly destined to put open hearth furnaces like those we operated out of business one of these days.

"And a new and far most costly generation of continuous hot strip mills had come along.

"We arranged financing for the largest program of plant expansion and modernization in relation to company size in the steel industry.

"As Jim Stack points out, this gave Granite City Steel our modern BOF shop and one of the finest hot strip mills in the world. Once more, we had taken a big step forward.

"Decision Six came in 1971 when the need for further substantial capital for environmental controls and facility modernization, and the increasingly competitive nature of the world steel industry, led to our merger with National Steel.

"National has been able to provide the capital needed to ensure that Granite City Steel

will remain a viable, healthy business and a dependable source of jobs for this area.

"These decisions constitute a summary history of Granite City Steel.

"In most cases, perhaps all, the decision could have gone the other way. If it had, we might not be enjoying this lunch today."

Talk by Granite City Steel President James V. Stack at the 1978-1979 centennial lunch and plant tour:

It is my pleasant duty to welcome you, many distinguished guests — our neighbors in the Tri-Cities ... our public officials ... the officers and directors of our parent corporation, National Steel ... our suppliers ... the representatives of our plant unions ... the present and former officers of Granite City Steel ... and last, but by no means least, our valued customers.

Many of you have contributed to the growth of Granite City Steel. You will be glad to hear that this steel mill is in great shape on its 100th birthday.

Having just come off a record year in 1977, we are well into another fine year in 1978.

Employment has been unusually stable, which is no small matter in this area where the Granite City Steel payroll amounts to more than \$115 million.

As Step One in a short program, I want to introduce our head table. Our featured speaker will be to have been George Stinson, the chairman of National Steel. Mr. Stinson was forced to cancel at the last minute.

He asked me to tell you that he deeply regrets he cannot be with us.

I am going to ask our head table guests to stand for a moment as I call their names ... and, if they wish, to say a few words.

Newton F. Korhmel is a member of the Executive Committee as well as the Board.

Maurice Chambers is also chairman of the Executive

Committee of Interco, Inc. Nick Veeder is a member of National Steel's Executive Committee as well as Board and a man whose name will forever be associated with that of Granite City Steel.

Also here are two officers of National Steel Corporation, Richard E. Thompson is a vice president of the parent company and president of the National Mineral Resources Division. William F. Ewart is vice president — commercial, our principal sales officer.

Buddy Davis is director of District 24 of the United Steelworkers of America. The Steelworkers have represented a majority of our union employees for many, many years.

The mayor of Granite City is Paul Schuler, and there are a number of other public officials present. Mayor Schuler is representing them all at the head table.

A man with a large constituency — the employees who operate the furnaces, rolling mills, processing lines, and other equipment at Granite City Steel — is Steve Gallo.

He has been here longer than any other hourly or wage employee. He joined Granite City Steel in September 1933, or 44½ years ago, as a door puller on the old No. 1 open hearth furnace.

He moved in 1969 to the new basic oxygen furnace shop, where he is a furnace operator, a top job in that department.

Next to Mr. Gallo is a familiar face, Bob McBride began his career in the steel industry at Granite City Steel.

He was vice president in charge of operations and vice-president and general manager and served as president of Granite City Steel in 1976 and 1977. Bob is now president of National's Great Lakes Steel Division.

Mr. Stinson called me last week as soon as he learned it would not be possible for him to be here today. After expressing his regrets, he said, "Get hold of Nick Veeder. They would rather hear from him anyway."

Certainly, Mr. Veeder is a most appropriate spokesman for this occasion.

Nick Veeder came to work at Granite City Steel at a time when the plant was making flat-rolled steel in hand-pick mills and about as much about as a tonnage in a year as it can ship today in two weeks.

He helped break in the first generation of continuous hot strip mill in the 1930s and has been deeply involved in every significant forward step since that time, including the major expansion which brought us our

modern basic oxygen furnace shop and our great 80-inch hot strip mill.

A total of 4½ years went by between Nick Veeder's arrival at Granite City Steel and his retirement in 1975 as honorary chairman of the board.

He was an officer of Granite City Steel for 42 years, a century and chairman and chief executive officer from 1958 to his retirement. In short, Nick Veeder's life was a life of service to this institution as far as Granite City Steel is concerned.

Nick Veeder's decisions enabled Granite City Steel to be here and ready to take advantage of the pace of industrial expansion in the South and West which today furrows our location and product mix.

Manufacturers which use our steel are following the movement of population.

They are opening new plants in all parts of the country, we are the nearest supplier.

As an example, about one-third of our shipments to automotive fabricators in 1977 went to customers acquired during the last few years.

Shipments of hot rolled coils for use in oil country pipe and tube have increased substantially.

People find a steel mill is a dramatic, exciting place to visit.

There are buses waiting to take you through our blast furnace department and to our basic oxygen furnace shop, blooming mill and strip mill.

There are also optional tours to our new wastewater treatment plant and to our North Platte, Nebraska, visitors.

In closing, I want to mention one thing which may not be apparent to our visitors.

Granite City Steel is a very productive steel plant.

This is a plant where a heavy investment to provide modern, efficient facilities.

It is also, however, due to the willingness of our employees and men and women who live in this area ... to pitch in and do their job as well as they possibly can.

As a result, Granite City Steel benefits from better workmanship, better practices and higher control over product quality.

In the final analysis, that is the most important thing about Granite City Steel.

Abducted

(Continued from Page 1)

three robbed Clifton of \$16 and forced him into the trunk of the car.

One of the men left the others near St. Louis and is being sought by police.

The man's abductors continued to drive southwest across Missouri on Interstate 44 while Clifton tried unsuccessfully to spring the trunk lock for about four hours.

The two alleged abductors, Madison County residents Allan R. Henderson and Lester M. Kyle, both 19, later decided to allow Clifton to get into the back seat of the car but are said to have warned they would kill him if he said anything.

Another hitchhiker was picked up later, but was unaware of the abduction.

Near Springfield, Mo., a truck driver notified authorities that the auto was swerving on the highway. A Greene County sheriff's deputy stopped the car and asked for a driver's license, and the driver failed to produce one.

The deputy ordered all of the men out of the car when Clifton did not respond as to why the hitchhiker was driving his car.

After getting out, Clifton told the deputy that Henderson and Kyle had abducted him.

They were charged by federal authorities with kidnapping.

Stack to greet plant workers

Dan Stack, Republican candidate for the U.S. Congress from the 22nd Congressional District, will greet Granite City Steel employees at the plant's pay check from 6:30 a.m. until late afternoon Thursday and will be at the Nestle Co. gate at 21st and Adams streets Friday to talk to workers.

Stack was charged by federal authorities with kidnapping.

"Some may feel it is too early to visit plants, but I am doing this because I am going to be the kind of representative who is not just seen around election day," Stack commented.

Found unconscious

Mitchell Donithan, 20, of 612 Margaret St., Mitchell, was found unconscious by Madison Police officers lying face down in an empty lot in the 1200 block of Madison Avenue at 2:30 a.m. Saturday, police reported.

A City Ambulance was called to the scene and the EMT crew gave the man first aid treatment. They said he had numerous cuts to the body.

Some were old wounds and others new, the technicians told police.

Donithan reportedly declined to go to the hospital.

At 3:20 a.m. Saturday, Donithan walked into the hospital emergency room and showed staff members scratches on both arms. He declined to be treated and left the hospital, it was reported.

He returned at 3:50 a.m. with Granite City police officers and was treated for multiple scratches.

Sutures in a laceration on the left arm, incurred in an attack by two men several days earlier, had broken open and were repaired.

Donithan was admitted to St. Elizabeth Hospital for the second time in five days.

Delay granted in Bull trials

Dan McKay, special prosecutor with the state attorney general's office has requested and been granted postponements until July in the trials of suspended Madison County Sheriff Deputy Larry Bull on charges of theft and arson.

Bull had been scheduled to go to trial last Wednesday on the arson charge and today for the theft charge. His first trial on the theft incident ended with a hung jury in January.

He is charged with possessing a color television which was stolen from Bert's Audio-TV in Granite City a year ago. The unrelated arson charge relates to the burning of Bull's wife's auto Dec. 9, 1976, near Marine.

In diamonds, size is not the only factor to consider in determining value. The "three C's" — cut, color and clarity — are equally important. A small but perfect diamond is more valuable than a larger but imperfect one.

Trucking company offices

The Madison County Board has approved five special use permits in Quad-City area townships on recommendations of the county Zoning Board of Appeals.

The County Board approved a special use permit for John A. Shelby and Vincent Ramirez to establish an office for Ramirez Enterprises, a trucking company, at 207 West Chain of Rocks Road, in a B-3 highway business district of Chouteau Township.

The office will be used for dispatching trucks, billing and general office work for four or five employees. The board also approved a permit to have a watchman on the site.

Four special use permits were approved for the placement or continued placement of mobile homes in Nameoki Township, all with stipulations that the permits are valid for up to five years. They are for the sole occupancy of the persons requesting the permits, and the units are to be removed from the sites as soon as the need for them has expired.

Grants permits for mobile homes were:

Audrey Ward at 3308 Harvard in State Park Place, an R-4 single-family residential district.

Oliver Meyer and Robert Meyer off State Aid Route 35 near Bruns Road in an agricultural district.

Debra Miles and Lela Cortes at 3125 American in State Park Place, an R-4 district.

And Richard Childers and Jimmy E. Dix at 2006 Collinsville Ave., Cloverleaf Addition, an R-4 district.

The County Board last week followed the recommendation of the zoning board and denied a variance to Charles W. McIlvay to construct an attached garage in front of his home on 13 feet of the front yard setback requirements. The property at 74 Cambridge Drive, Wilshire Manor Subdivision is in an R-4 district of Nameoki Township.

Recover loot from burglary

Furnishings worth about \$200 were stolen and extensive damage was done to the interior of a vacant house at 41 Briarcliff Drive, last week. Everything taken has been recovered.

Officials of Gaynor, Inc., Glen Carbon, owner of the house, told police that a \$90 chandelier, a \$20 light fixture, a \$20 door chime and two sliding mirrored doors worth \$50 each had been removed.

Entry was gained by forcing a door, damaging the door and facing. Also damaged were the louvered door to the utility room, the medicine cabinet, the range hood and the dishwasher. A weed digging tool found inside the house was believed used to force open the door.

A witness reported seeing two young boys carry a mirrored door into another home on Briarcliff Drive and police went to that house and talked to two boys, aged 13 and 14. They said they had the door, lamps and door chime in their home and had planned to go back to where they found the items — an outdoor area — to get the other mirrored door.

They took police behind Briarcliff Drive at the railroad tracks, where the other door was then recovered by officers. The boys were released.

ARRESTED SECOND TIME ON DELIVERY CHARGES

Gregory K. Snider, 23, of 4007 Park Lane, Piquette Beach, was taken to the Madison County Jail at Edwardsville Thursday after having been arrested Wednesday on a warrant from the Metropolitan Enforcement Group of Southwestern Illinois, alleging unlawful delivery of a controlled substance.

Snider first was arrested May 12 on a warrant containing the same charge and was released after posting a \$1,000 cash bond. The second charge was added after MEGS agents discovered they had overlooked one of two warrants during the first arrest, according to MEGS Executive Director Richard Woods. His bond has been set at \$20,000.

Crash hurts 2

The Rev. John Sager, 34, of 3000 Sunbury Ave., minister at Grace Baptist Church, and Margaret Gullege, 40, of 3018 Marshall Ave., were injured when their cars collided at St. Clair and Myrtle avenues at 12:05 p.m. Thursday.

Police were told Mrs. Gullege's auto was backing on St. Clair when it was struck from behind by Rev. Sager's auto. Rev. Sager was ticketed for failure to reduce speed to avoid an accident.

Both were taken by Granite

City ambulance to St. Elizabeth Hospital, where they were admitted for observation. Mrs. Gullege suffered an abrasion to her right knee and a strained neck. Rev. Sager suffered abrasions to his forehead and a bump to his head.

MAN IS BEATEN

Jerry Lay, 2112 Lee Ave., was beaten in his home last week by three men who did not say why they beat him. Lay said he answered a knock on the front door and, when he opened the door, the trio assaulted him. The three then left in a white over green 1966 Chevrolet.

Disco, swing classes start Wednesday at 'Y'

A new series of disco dance lessons will start Wednesday at the Tri-City Area YMCA. Donald R. Rains, program director, announced today.

Classes will be conducted in the "Y" auditorium from 7 to 9 o'clock on four consecutive Wednesdays. The cost is \$10 for Y members and \$15 for non-members.

From 9 to 10 o'clock Wednesday evenings, Miss Voisey will instruct a swing dance class, beginning the same day. The imperial lessons will be

limited to partners only, with a minimum number required to conduct the sessions.

Fees for the swing class instruction are \$8 for Y members and \$12 for non-members.

Interested persons who are unable to attend a Wednesday evening course may take part in Sunday night classes from 6:30 to 8:30 at the YMCA, starting June 4, taught by Beverly Carter.

Planned on four consecutive Sundays, the instruction will cost \$10 for "Y" members and \$15 for non-members.

Registration will be accepted in advance of the starting dates on a first come, first served basis by calling the YMCA at 876-7200, Rains said.

Moses Harrison II chief circuit judge

Michael S. Henkhaus, administrator of the Circuit Court of Madison County, reports that effective July 1, Circuit Judge Moses W. Harrison II will preside as chief judge of the Third Judicial Circuit, which comprises Madison and Bond Counties.

Judge Harrison, who resides in Collinsville, was first appointed to the circuit in 1973 by the Illinois Supreme Court and subsequently was elected in 1976 to his present term.

Judge Harrison has been commended by both the bar and the public for his service on the criminal court bench during his present term. More criminal cases were presented and convictions were obtained than during any other period of the court, Henkhaus said.

He is credited with "reaching solutions to problems seemingly unresolvable."

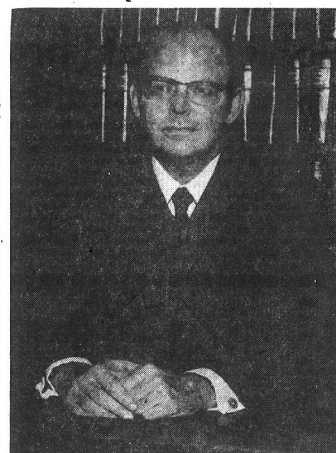

Judge Harrison has urged that the public become more aware of the court system.

He commented, "It is lamentable that ordinary citizens remain almost totally ignorant of something that can seriously affect the lives of themselves and their family."

"I feel that the public should visit the courts to learn how they operate so that they will know how the court may help rather than hurt them in their own lives. I intend to encourage any effort that will increase this awareness."

Judge Harrison said "Efficient jury utilization will be one of the major goals of the court so that citizens will be encouraged to participate directly in their government in a meaningful way — as jurors without undue inconvenience or hardship."

Jury service is a privilege, but it is also vital to the administration of justice. Every consideration possible should be extended by the courts to jurors, including the avoidance of delays in courtroom sessions.

Gas burner control bill passes House

The Illinois House of Representatives has passed House Bill 3054, as amended, which authorizes the shut-off of natural gas-fired afterburners during winter months.

Representative Joe Lucco (D-Edwardsville), chairman of the Illinois Energy Resources Commission, introduced the commission-endorsed measure in the House.

Lucco said, "Afterburners, which are utilized by manufacturing plants to control hydrocarbon emissions as required by environmental regulations, use an estimated two to three billion cubic feet of gas per year in Illinois.

"This is enough natural gas to meet the heating requirements of an additional 20,000 homes."

According to Lucco, "Under this important energy conservation measure, the Illinois Environmental Protection Agency would be required to propose by Nov. 1, 1979, to adopt regulations to allow the shut-off of natural gas-fired afterburners."

"This is in accordance with a report on research issued by the U.S. Environmental Protection Agency in 1975, which concluded that afterburners were not needed on days when there is a 95 per cent probability that the maximum temperature will be 50 degrees F. or less."

52 at retailers at seminar

Fifty-two persons attended a motivational seminar hosted by Associated Retailers and Civic Association at Charlie's Restaurant last week.

The group was shown a film entitled "The Strangest Secret," which was a talk by motivational speaker Earl Nightingale.

In the film, Nightingale emphasized that the most important factor in success is setting goals and working toward achieving each goal. He warned against taking the easy road of doing just what friends and neighbors do, saying only five percent of them will be highly successful, and noting, "By patterning your life after someone else, the odds are 99 percent that he will not be successful."

He warned everyone to guard against falling into a pattern of working eight hours a day and then going home to eat and watch television until bedtime, day after day, and not accomplishing anything.

Warn against Gypsy workers

Granite City police are warning Quad-City area residents that what has been described as a large group of gypsies has moved into the Mitchell area and seeking work repairing homes, driveways and chimneys, waterproofing basements and other jobs.

They note the work is not guaranteed in any way and warned residents to contact the police before authorizing any work to be done.

"Legitimate workers will not mind waiting while the police are contacted," a police spokesman said. He warned residents particularly about letting any workman inside homes.

"There have been several incidents recently where men have been allowed in homes and have beaten the residents or have stolen property. Our advice is, do not let anyone in your home unless you know who he is or can verify that he is there for a good reason."

"Some men have said they are from the water company or Illinois Power to gain admissions to homes. Workmen from utilities should be asked to show identification cards and the utility or police should be called if there is anything suspicious," the officer said.

GC Steel history—'constant improvement'

A resolution introduced by Senator Sam Vadalabene last week and adopted by the Illinois Senate relates that "it has come to the attention of this body that during the year of 1978, the Granite City Steel Division of National Steel Corporation is observing the 100th anniversary of its founding as the Granite Iron Rolling Mills.

"The Granite City Steel Division will hold a public centennial open house on May 19 through May 20.

"The inhabitants of Granite City can trace the beginnings of their community to the founders of the Granite Iron Rolling Mills.

"The Granite Iron Rolling Mills, predecessor of Granite City Steel, was founded in 1878 in St. Louis, Mo., by two enterprising brothers, Frederick G. and William F. Niedringhaus.

"Anticipating a tremendous increase in business, as well as new technological developments, William and Frederick decided to expand the production capacity of their plants to the Illinois side of the Mississippi River which possessed many natural location advantages and the features favorable to heavy manufacturing.

"The Niedringhaus brothers, feeling that the new city should have a simple name, chose the name 'Granite City' to commemorate the graniteware which was the basis of their industry.

"Granite City Steel's history has been one of constant improvement. As one expansion and modernization program ends, another is ready to begin.

"The success and growth of Granite City Steel has helped to provide a stable economy for the Tri-Cities area; therefore, be it

"Resolved, by the Senate of the Eightieth General Assembly of the State of Illinois, that we extend our heartiest congratulations to the Granite City Steel Division of National Steel Corporation upon the occasion of its 100th anniversary; and be it further

"Resolved, that a suitable copy of this preamble and resolution be presented to James V. Slack, president of Granite City Steel Division of National Steel Corporation, as a formal indication of the respect and esteem in which the company is held by the members of this chamber."

ST. ELIZABETH HOSPITAL EXPANSION PROGRAM. The area designated as A is an expanded medical records area and an enlarged physicians lounge and medical library; it faces Madison Avenue in the 2100 block. B is to be an enlarged food service area, while C will be an ancillary service building; both are near 21st Street. D is a 50-bed psychiatric

hospital, near Niedringhaus and Washington avenues, and E on Washington is a new power plant. Opposition Bank C, in the lower left of the drawing near 21st and Iowa Streets, a parking garage currently is being built.

Granite City's hospital growth spans 75 years

Rapidly developing Granite City was in dire need of a hospital when the Rev. A. Altmstedt organized the Lutheran Hospital Association in 1903.

One year later, a \$30,000 hospital was built on property provided by W. H. Niedringhaus, a member of the family that founded Granite City.

For the next seven years, the Granite City Hospital gave service to the people of the Quad-Cities. But financial and staffing difficulties forced the hospital to close in June 1911.

A serious need for hospital services remained, so four months later under the leadership of Father Peter Kaenders, pastor of St. Mark's Catholic Church in Venice, the hospital reopened.

Father Kaenders purchased the hospital from the state with monies collected in a door-to-door solicitation of the townspeople. The hospital was named after St. Elizabeth, patron of those who work with the sick.

On Jan. 3, 1921, the Sisters of Divine Providence arrived in Granite City to begin their work.

These sisters also experienced operational and budgetary difficulties, but gradually succeeded in developing community awareness and support. By the end of their first year here, the hospital had admitted 596 patients.

As Granite City and the surrounding communities grew, St. Elizabeth Hospital completed major additions in 1931, 1944, 1958 and 1969.

The 1968 addition, named for the hospital's first physician, Dr. Robert Webster Binney,

increased the hospital's bed capacity to 268. It provided 260 beds as well as needed space for many of the hospital's ancillary services. This portion faces Niedringhaus Avenue.

The 1969 addition, called the Doctors' Wing and dedicated to all of St. Elizabeth's physicians, increased bed capacity to 400 and provided new, larger spaces for the developing hospital departments. It is situated at 21st and Iowa streets, where the original 1904 building, previously razed, had been located.

This Thursday, May 25, the hospital will mark the start of another portion of its current (1977) building program at groundbreaking ceremonies for the ancillary services facility.

Activities will begin at 6 p.m. Thursday, official ceremonies will start at 7 p.m.

Several local celebrities are scheduled to participate, and the public is being invited to the event.

The ancillary building will create a new main entrance and lobby and will house or expand a dozen hospital departments. At a cost of \$5,008,000, this addition is to be completed in 1980.

Today, St. Elizabeth Hospital is the second largest facility in the Madison-St. Clair counties region.

It has been designated by the state of Illinois as an arewide trauma center providing 24-hour emergency care.

It offers 421 licensed acute care beds, the most sophisticated data collection and transmission system available, and one of the lowest per-day costs of any non-tax supported hospital in the St. Louis metropolitan area.

Various patient origin studies

indicate that St. Elizabeth Hospital serves 86 out of every 100 persons who reside in the Quad-Cities. The 1978 operating budget for the hospital is \$22,656,000.

Sixty-five percent of the total operating budget is required for salaries, employee benefits and professional fees. St. Elizabeth Hospital is the fourth largest employer in the Quad-City area.

In 1977, nearly 16,000 patients were admitted to the hospital for medical care and treatment and over 30,000 patients were seen in the emergency room; 723,000 laboratory procedures were performed.

In addition, 55,000 patients were seen on an out-patient basis, and over 80,000 x-ray procedures were completed.

The food service department serves 2,000 meals per day and the laundry handles 1.4 million pounds of laundry per year.

The hospital's Social Service Department has a social worker available 24 hours a day. These professionals handle a wide range of problems and work with other community agencies in child abuse treatment, a mobile meals program for discharged patients, and management of ARCH, which is a treatment center for alcoholic rehabilitation.

They also deal with drug abuse treatment, psychiatric care, mental retardation programs and services for suicide prevention and unwed mothers.

St. Elizabeth Hospital provides many free services, including pre-natal classes, diabetes classes, an immunization clinic and services for venereal disease treatment. In 1977, the hospital also provided approximately \$1.5

million in care to the community for which no reimbursement was obtained.

The local hospital is continuously strengthening its professional and educational affiliations. These now include programs with Southern Illinois University, St. Louis University, Belleville Area College, F. W. Olin Vocational School and the Granite City, Madison and Venice high schools.

The hospital believes it could not sustain its total care program without the aid of its board of directors and advisory committees whose members from a cross-section of the community are instrumental in decision-making toward meeting the needs of Quad-Cityans.

They spearheaded the current \$18 million renovation and expansion program, nearly all of which is scheduled for completion in 1980 or before.

Within the framework of this plan, one of the high-priority projects to meet specific patient needs is a 50-bed psychiatric hospital.

This short-term psychiatric facility now under construction is designed to provide a cheerful and personalized atmosphere

and skilled treatment to a diversified patient population covering a wide range of psychiatric problems.

The more acute cases, which currently have to be transferred to other institutions, will be treated in the new facility.

The estimated cost of this building alone, which will include a gymnasium and facilities for occupational and recreational therapy, is \$4,500,000.

A four-level parking garage, now well under way, a new power plant, and a new dietary food service area will complement the increased usage and the expansion of other hospital facilities.

The present St. Elizabeth radiology department has seven examination rooms; two special procedure rooms will be added. Within the past two years, two nuclear medicine rooms and one ultra-sound room were provided, plus space to house the hospital's scanner and gastroenterology equipment.

As has been the case in every decade of its history, the local hospital is continuing in the 1970-80s era to grow in facilities, equipment and expertise.

REV. PETER KAENDERS. Pastor of St. Mark's Church in Venice, he arranged for purchase of the local hospital in 1911, enabling it to reopen. It had been built following the 1903 formation of a Lutheran Hospital Association here. The Sisters of Divine Providence have operated it since 1921.

ORIGINAL HOSPITAL at 21st and Iowa Streets. It was constructed in 1904. For a time after portions of St. Elizabeth Hospital were built, this structure housed the local School of Nursing, since discontinued.

Floyd O. Eaton, 55, succumbs

Floyd O. Eaton, 55, of 2905 Oregon Ave., a 50-year resident of Granite City, died at 6:30 a.m. Saturday at St. Elizabeth Hospital.

He had been employed for the past 25 years at Mercer Mortuary and also worked at Bob Thomas Memorial Mortuary. Mr. Eaton suffered an apparent heart attack May 10 while attending a convention in Indianapolis, Ind. He was a patient at the Community Hospital there until being transferred Friday to the Granite City hospital.

He had been under a physician's care for a heart ailment last year. Mr. Eaton was born in North Kansas City, Mo.

He was a member of Sacred Heart Church, Granite City Kiwanis, Eagles 1126 and the Chauffeurs and Teamsters Union, Local 528.

Mr. Eaton is survived by his wife, Mrs. Glenn Eaton; three daughters, Mrs. Elizabeth Patricia Hayes and Mrs. Sheryl

Grote, both of Granite City, and Miss Catherine Eaton of Chicago; three sons, Stephen Eaton of Granite City, Thomas Eaton of Macomb, Ill., and Timothy Eaton, who lives in Canada; a twin brother, Lloyd Eaton of St. Louis and another brother, Harrison Eaton of Sullivan, Mo.; two sisters, Mrs. Fremont (Evelyn) Arber of St. Louis and Mrs. Frank (Edith) Murphy of Sullivan, Mo.; and one grandchild. Funeral arrangements are given in today's obituary column.

Mrs. Bogosian dies at 82

Mrs. Azmiev Bogosian, 82, of 901 Niedringhaus Ave., died at 2 a.m. Friday at St. Elizabeth Hospital, where she had been a patient for 11 days.

She was born in Armenia and had resided in Granite City since 1925.

Mrs. Bogosian was a member of St. Gregory Armenian Apostolic Church. Her husband, Haroutin Bogosian, died in 1982.

Survivors include one daughter, Miss Nelli Bogosian; a son, Simon Bogosian, and two nephews, all of Granite City. Funeral services were held Saturday. Details are given in the obituary column.

Dog is killed, owner charged

A crowd of neighbors began to gather in the 2300 block of Benton Street at 11:10 a.m. Friday, when a man allegedly began to push another man around while screaming and using profane language.

Rick G. Greenman, 25, of 2333 Benton St., was arrested and charged with disorderly conduct after he allegedly refused to quieten down and became abusive to police officers. Police said a van operated by the second man apparently struck Greenman's small white dog when the animal ran out in front of the vehicle and the driver was unable to stop. The dog died at the scene.

The motorist was sent on his way, but Greenman refused to calm down, police said.

What would GOP do if it controlled Congress?

By ROBERT ESTILL
Press-Record
Washington Bureau
Rep. Tom Corcoran, R-Ottawa, has been assigned a leading role in a Republican "what if" production.

Corcoran, although only a freshman, has been named by House GOP Leader John Rhodes, R-Ariz., to head a group of four Republican congressmen who will propose executive branch reforms the GOP would make if they had the power.

"It will be part of an overall 'task force' being formed by Rhodes.

Republicans, it should be noted, love to form "task forces." And they are better at that than they are at winning elections.

The task force is to recommend legislation to be considered when a new congress convenes in January.

Those recommendations will double in brass as a congressional platform to carry into November general elections.

"It is an attempt to answer the question: 'What would Republicans do if they controlled congress?'" Corcoran explained.

Republicans have had a lot of ideas, they just have not had much opportunity to put them to work.

With the exception of one session during the Eisenhower years, Democrats have held a firm grip on congress for a quarter of a century.

Outnumbered by the Democrats 288 to 147, the GOP is something less than a truly effective minority in the House.

But Corcoran believes the recommendations which will come from his group and from the task force overall will serve as a valuable tool in delineating what a congressional Republicans stand for.

Corcoran was tapped to head up the executive reform segment because he is on a House subcommittee which has reviewed and passed judgment on several of President Carter's federal reorganization plans.

His is not going to be a lengthy study, nor is he taking time to let the flowers blossom beneath his heels.

Corcoran and his three congressional partners drafted a questionnaire and sent it to their fellow Republicans May 12.

He expects to get the results back and formulate draft recommendations to be presented to Rhodes in about a week.

From a list of about 15 possible reforms, the Republicans are asked to check the three closest to their heart.

Initial returns from about 25 Republican representatives show the two most popular reforms to be expanding the president's term to six years and limiting him to one term; and substituting block grants for categorical aid.

Use of block grants would give states and local governments federal funds with fewer agencies to deal with and less restrictions on how the money is used.

Other ideas of the GOP's wish list include:

—More orderly grouping of federal agencies;

—More centralized and responsive agencies;

—Creating inspector generals in each agency;

—Protecting "whistle-blowers," federal employees who provide information on government waste and abuse;

—Establish "zero" growth in paperwork by requiring paperwork to be eliminated each time new paperwork is created;

—Require personal financial disclosure by top-salaried federal bureaucrats.

Some of the measures proposed by Corcoran's group, including the presidential term change, would require an amendment to the constitution.

Constitutional amendments on the list would require the vice president to run separately from the president, cabinet members to be confirmed by both the House and Senate (instead of just the Senate); and that all treaties be subject to ratification by the Senate or possibly both the House and Senate.

Corcoran would like to see reforms which strengthen the role of the president.

"I think that we need a strong president, I think that we need a very strong congress, too," Corcoran said.

"If we are going to manage the government, we are going to have to have a strong president and make him accountable," Corcoran supports President

Carter's proposed civil service reforms and would strengthen his office of management and budget which he said has been allowed to "atrophy."

Whatever recommendations emerge from the task force — assuming Republicans can agree among themselves — may never be translated into law by congress.

But Corcoran believes they can give GOP candidates an answer when voters ask how they would do it any better.

Military academy to graduate two Granite Cityans

Two Granite City area cadets will receive diplomas at Missouri Military Academy's 89th commencement exercises on May 28.

Three days of graduation activities at MMA will culminate with an address by Dr. James C. Olson, president of the University of Missouri. Dr. Olson will speak before an estimated audience of over 1,500 cadets and guests at the Academy field house.

Diplomas and special honors will be conferred by Col. Charles Stribling III, president of the college preparatory school for boys in fourth through 12th grade.

Speaker at traditional baccalaureate services will be the Rev. Dr. Robert R. Collins, pastor of the First Presbyterian Church of Mexico.

Other highlights of commencement weekend will be a formal military ball and the senior review at which the cadet corps marches by in tribute to the graduating class.

During the review, a saber will be passed from this year's battalion commander, Cadet Major Dean Davison, to the battalion commander designated for 1978-79.

Cadets receiving high school diplomas are Cadet Frank Draganich, son of Mr. and Mrs. Frank J. Draganich, 2713 Grand Ave., and Cadet Darryl Toussaint, son of Dr. and Mrs. Harold E. Toussaint, 117 Riviera Drive.

Dixon said June 1 also is the first day new plates may be

50th anniversary observance of Bethel 43 Sunday afternoon

By DONNA HARTWICK
Press-Record Staff Writer

Bethel 43, International Order of Job's Daughters, will observe the 50th anniversary of the local chapter at a public celebration on Sunday, May 28, at 1:30 p.m. at the Masonic Temple, 20th Street and Cleveland Boulevard.

All past officers and members are being invited to attend the festivities marking the anniversary day of the organization, which officially is listed as the largest of the state of Illinois, with a registered membership of 88. The chapter is sound financially with assets of \$2,500, according to the planning committee.

In the fall of 1927, the late Mrs. Mary Connelley and the late Mrs. Sophia Parker, both residing in Madison at the time, began a campaign to formulate plans for social and philanthropic organization for young girls.

Bethel 43 became a reality on Friday, May 4, 1928, when Mrs. Abt, grand guardian of Illinois, and officers of Bethel 20 of East St. Louis, installed officers of Bethel U.D. of Granite City.

Mrs. Connelley was named Bethel guardian and Miss Sophia "Dottie" Parker, daughter of one of the organizers, was installed as the first queen. She served a six-month term of office and thereafter a new queen assumed the office twice a year.

The first business meeting was conducted on Thursday, May 10, 1928, and the main topic of discussion was the purchase of robes, the official dress of the officers at regular meetings. Even with a small budget the chapter was unable to provide robes and the parents eventually secured funds to buy the proper attire.

During the depression years money was difficult to earn even for organizations, but the youthful group was enthusiastic and held its first fund-raising project in July with a bake sale at Tri-City Grocery and Michel Brothers Grocery Stores. This was a successful venture and encouraged the group to continue with other plans and programs.

Membership dues became the topic of discussion at the August 1928 meeting and it was agreed that a \$2 annual fee would keep a member in good standing. On the 50th anniversary of the chapter, an annual fee is still in effect, and there never was an increase in the amount, it was noted.

Mrs. Connelley served as guardian until September 1928, and Mrs. Myrtle Jenkins was introduced as the new guardian. She served until August 1930.

A special meeting was called in East St. Louis, on Dec. 1928, and Mrs. R. Schnberger, grand guardian of Illinois, presented Granite City with the official charter and the organization became Bethel 43, Order of Job's Daughters, Granite City.

In reviewing the secretary's books it was noted that one of the early social events was a Christmas party at the home of Elizabeth Pershall on Dec. 20,

1928, and each person was asked to bring a 10-cent gift for exchange.

The second queen, Frances Riddle, was installed in ceremonies conducted on Jan. 10, 1929, in the presence of over 200 guests.

William Parker, father of the first queen, became associate guardian of the chapter on May 23, 1929.

During the following months, the members initiated money making events which have been continued under the direction of many of the queens, to include bake sales, card parties, chili suppers and benefit shows.

Notations in the records revealed the favorite refreshments were sandwiches, watermelon and ice cream, and of interest now would be bills presented in 1929 for ice at a cost of 30 cents, ice cream served to the entire group for 35 cents and \$15 paid to Frank Lucido for orchestra services at a dance.

Social functions of the chapter have remained much the same over the 50 years. Dances with the DeMolay invited still seem to be the favorite social activity as well as visiting other chapters in the county and state area.

In July 1927 members agreed to change the meeting dates to the second and fourth Tuesdays of each month, and continued the practice to this day.

The chapter marked its 10th anniversary in May 1938, with a total of 88 members and a bank balance of \$80. To celebrate the year, a summer swimming party and winner roast was held at Wilson Park in July, under the leadership of Queen Fay Reed.

One of the most unusual and unique fund-raising propositions originated in 1941 when the mothers and daughters made a quilt for the Job's Daughter room in the Masonic Hospital. A fee was charged to have each person's name embroidered on the quilt and when completed the quilt and money was donated to the hospital.

During the World War II years, Job's Daughters became active in raising funds for the American Red Cross, the Community Chest and the War Fund Drive. They also baked and donated many loaves of cookies to be served at the USO, which was housed at the local YMCA.

The first sausage supper given by Job's Daughters was held on Oct. 30, 1961, and has continued to be one of the main events. This was planned by Queen Norma Massman under the direction of Mrs. Lida Theis, guardian, the late Otto Grosse, associate guardian, the chapter council and Mother's Club.

A gala celebration was arranged on May 12, 1953, for the 25th year of the chapter. Miriam Merz was the 50th queen and she presided at the banquet attended by visitors from many chapters of Illinois and Missouri. Total membership on that date was recorded at 167 and assets of \$300 in bonds and \$300 as a bank balance.

Entertainment was provided by current sixth grade students who performed on individual song bells such selections as "You A Grand Old Flag" by George M. Cohan, "As the Sun Goes Down" by Josef Marais and "I May Not Pass This Time Again" by Rod McKuen.

The performers were Darin Partney, Richard Skubish, Daryl May, Janice Warren, Elizabeth Homes, Darla Holt, Deron Boyd and Mark Foley.

The group was under the direction of Mrs. Mildred Hediger, vocal music teacher.

Social activities during this period included trips on the Admiral, visiting the Ice Capades, hosting the Beau Brummel dances, attending DeMolay-sponsored dances and attending other bethel sessions.

Debbie Teller was queen at the time of the 40th anniversary observance, Mrs. Nell Baskette was guardian and the late Dr. E. H. Theis served as associate guardian.

Mrs. Baskette served the bethel for 15 years and held the record for being a guardian for 30 honored queens. Dr. Theis was associate guardian for 12 years and shared this honor with the late Otto Grosse.

Michelle Root is the 100th queen and will preside over the activities on May 28, assisted by Mrs. Rebecca Slate, guardian, and Debbie Teller, associate guardian.

Queens and the years they officiated are as follows, 1928-1929: Frances Riddle and Vivian Jones; 1930-Hera Vasil and Hazel Spalding; 1931-Mildred Schaffner and Isabel Smith; 1932-Lillian Andrews and Elizabeth Marshall; 1933-the late Rose Parker; 1934-Pansy Cook; 1935-Kathryn Paulsen and Muriel Nelson.

RED BUD — Led by three record-setting performances, the Madison High track team easily out-distanced the field here Saturday to win the boys' Red Bud Class A district meet.

Madison finished with 53½ points, well ahead of second place Triad, which had 35 points. Anna-Jonesboro had 34 points for third place.

St. Paul-Highland was fourth with 24 points, Pinkneyville had 18, Freeburg 14, Nashville 9, Breese Mater Dei and Columbia 8 each, Wescott 7, Red Bud 5, Waterloo 5, Cairo and Breese Central 2 each and Chester 1. Waterloo, Gibault, Marissa and Meridian failed to score.

FIRST or second place finishers in each event qualified to advance to the IHSA Class A (7500 enrollment or less) State Meet this Saturday at Eastern Illinois University in Charleston.

Madison then clads who will participate in the state meet are

Tim Colston in the long jump and high jump, Sylvester Collins in the long jump, Marcus White in the 100-yard dash, and the Trojans' 400-yard and mile relay teams.

COLSTON set district record in both the long jump and triple jump. He leaped 22 feet, 1½ inches to take first place in the long jump and 43-11 for first in the triple jump. Madison's Collins was second in the long jump with a leap of 20-10½. Ray Mack of Mebanon was the other state qualifier in the triple jump with a leap of 40-8½. Greg Pittman of Triad was third in the long jump at 20-3½.

The Madison 400-yard relay team of Collins, James Heard, Davenport and White tied the record for that event with a time of 4:39. Sparta's was second in 4:47.

WHITE earned a second-place finish in the 100-yard dash by finishing second to Pittman of Triad, something that

Madison runners found to be habit-forming during the meet. Pittman's time in the 100 was 10.4, while White's was 10.5. Madison's Heard was fourth in 10.8.

Pittman also won the 400-yard run with Davenport coming in second. Pittman's time was a record-setting 49.2. Davenport's was 50.4.

In the 200-yard dash, Pittman earned his third first-place in the district. He finished in 1:10.5. Pittman's time was 22.7 while White's was 23.4. Colston, taking a brief leave of absence from the jumping pits, came in third in 23.6.

THE TROJANS' MILE RELAY TEAM OF Heard, Ronald Morris, Carlyn Jackson and Davenport earned a trip to Charleston by finishing second in a time of 3:31.4, one second behind Anna-Jonesboro.

Freeburg's Paul Bergkotter was the winner of the high jump with a leap of 6 feet, three inches. Red Bud's Chuck Haynes was second at 5-10. Carlyn

Jackson of Madison failed to qualify for state with his height of 5-8, finishing in a time for fourth with Pickneyville's Rushing.

Madison's two-mile relay team finished third in that event when he finished in a near dead heat for second in the 120-yard high hurdles, being edged at the wire by Dupo's Piew. Both had times of 15.8. Winner Mike Shepard of Anna-Jonesboro won the event in the same time.

Mark Capelle of St. Paul easily qualified in the mile and two-mile runs. He won the two mile in 9:49.9, easily beating Anna-Jonesboro's Middleton who placed second in 10:17.6. In the mile, Capelle set a track and district record with a time of 4:25.3. Breese Mater Dei's Mave was second in 4:26.5.

BELLEVILLE — Granite City North's two mile relay team of Glenn Edwards, Greg Stout, Mike Baker and Aaron Hickman ran its best time of the year here Friday and in the process placed first in the Belleville West District and qualified for this weekend's IHSA Class AA (751 enrollment or more) State Meet at Eastern Illinois University in Charleston.

Granite City South's Bert Houston won the 800-yard run in 1:57.2 to also qualify for the state meet. Pole vaulter Cliff Moran and shotputter Jay Huebner were the other two state qualifiers for South. No North individuals qualified for state.

Team-wise, things went

pretty much as expected, with East St. Louis running away with the title.

The Flyers tallied 100 points to second-place East St. Louis Lincoln's 40. Alton was third with 33 points and South came in fourth with 18 points.

Louis Lincoln's Roddy McCloud. Charles Walker, also of East St. Louis, was the second place finisher with a height of 14-0.

Charlie Hays doubled to center and Hopkins scored. Hays scored on a two-run homer to center by Joe Sabo, and it was 5-0.

South made it 5-2 in the fourth.

Jim Thurman walked. Bob Stepien got an infield hit but later was thrown out at second on a fielder's choice by Larry Heagy that scored Thurman. Heagy scored on a hit by Jeff Parker.

In the fifth, Hays got a hit and Thurman scored on a sacrifice bunt by Sabo.

South tried to ignite a rally in the seventh frame and got one run.

Tom Hennrich doubled to right and advanced on a passed ball. Hennrich scored on a hit by Danny Schaus.

"Our hitting was the key to their win," said Warrior Assistant Coach John Modica. Coach Conrad "Babe" Champion concluded, "See ya next year."

Lincoln, Providence win state track title

CHARLESTON — Madison High's girls' track team finished fourth in the 880-yard medley here Saturday in the IHSA Girls' Track Class A State Meet.

That was the best showing the Lady Trojans could manage here as Providence-New Lenox ran away from the pack and won the team title.

East St. Louis Lincoln won the Class AA title here in a meet held at the same time as was the Class A meet.

Class A is for schools with

enrollments of 750 or less and Class AA is for schools with enrollments of 751 or more.

Freeburg was this area's highest finisher in the meet with a fifth place showing.

Darlene Reed of Madison tossed the shot 36 feet, five inches, but that wasn't good enough to make it into the finals.

Members of the 880-yard medley team are Alesia Jones, Linda Campbell, Patricia Melton and Kerri Smith.

GRANITE CITY NORTH was never really in its game Thursday against Roxana, as the Shells scored five runs in the first two innings and walked away with the victory over a team from North outmanned because of disciplinary action against several team members.

Steve Doty started for the Steelers and was relieved by Greg Leumann after four innings. But the damage had already been done.

Glenn Exton's solo home run in the third capped a six-run first three innings and led North waiting for next season.

Slow-pitch girls organizing

The Granite City Park District is organizing slow-pitch softball leagues for girls ages 9 to 13. The teams will be divided into three leagues of play — the Petite League for ages 9 and 10, the Chic League for ages 11 and 12, and the Junior High League for girls who are turning 13 this year.

There will be an organizational meeting for this program on Wednesday, (May 24) at 2 p.m. at the Narnock Recreation Center at Ames and Franklin Avenues. Persons interested in playing, sponsoring teams, or managing teams are urged to attend this meeting. Individuals or teams may register at the park office during regular business hours.

GRANITE CITY'S ROBIN DETERDING

Local girl does good.... Granite City's Robin Deterding is alive and well at SIU-C

By PETE HAYES

Press-Record Sports Editor

CARBONDALE

For

Granite City South graduate

(Class of '76) Robin Deterding,

things have been going quite

well in her college life, thank

you.

How well? Oh, nothing much.

She was just named Out-

standing Woman Athlete of the

year, helped her softball team

win the Illinois State Collegiate

championship, leads the team

in batting and was an in-

strumental part of the school's

volleyball and basketball

teams.

The school? Southern Illinois

University at Carbondale. The

Salukis. The big time.

Deterding was recently the

recipient of the Virginia Gordon

and SIU Athlete of the Year awards.

The Gordon award is presented

to the outstanding scholar-athlete.

Deterding's grade point

average is 3.5 on a 4.0 scale.

DURING the regular season,

Deterding's batting average in

softball was .355, which was

tops for the Salukis as they

completed a 10-8 record.

In the recent state tour-

nament, Deterding went 5-for-11

at the plate, raising her overall

average to .371. The Salukis won

the tournament.

Last weekend in the Regional

tournament in Grand Valley,

Mich., Deterding went 11-of-24

at the plate (including two

clutch triples), scored six runs

and produced five RBI's and upped

her batting average to .394.

Deterding's first triple

produced the go-ahead run for

SIU-C in the first championship

game with Illinois State

(SIU-C defeated the Redbirds 3-

2). Her second triple produced

the winning run in a 1-0 revenge

victory over host Grand Valley

State College, the hometown

dixie Laker had handed SIU-C

its only loss earlier in the

double-elimination tournament.

"ROBIN" was brilliant

defensively in left field — made

one diving catch after another

to kill Grand Valley's few

scoring chances." said SIU-C

coach Kay Brechtelsbauer after

her Salukis had won their first-

ever Regional championship.

Deterding's decisive triple was

her fifth straight hit of the

game. She earlier went 4-for-4

in SIU-C's 5-4 comeback win

over Michigan State. Michigan

State eliminated SIU-C last

week.

Teams from every District in

the state will playoff for five

division representatives and

they will meet for state honors

in a double elimination tour-

nament.

Highland team manager

Wayne Wirtz and his coach Gene

Paoletti are instrumental in

organizing the tournament.

The tourney will feature some

of the best teenage baseball

players in the state and college

as well as major league scouts

will be on hand to view the

action.

year in Region A competition.

IN ANOTHER Regional

game, against Ohio State,

Deterding scored the tying run

after being hit by a pitch in the

Salukis' 2-1 victory over the

Buckeyes.

The Salukis were to have been

playing in the National Tour-

nament this past weekend in

Omaha, Neb. Last year, the

Salukis finished tied for their

fourteenth in the tourney.

Deterding takes pride in her

team's achievements on the

diamond. After the come-from-

behind victory over Illinois

State, she said, "That was a

real SIU team playing out there

today. We knew we had the

talent to do it, we just weren't

sure we'd get it all together in

time.

Another thing in which

Deterding takes pride in is

Granite City. Since her

graduation from South, her

family has moved from Granite

City to near Troy, So. The SIU-C

office has her home address

recorded as Troy, Ill. That's

what all the press releases say.

Her hometown is Troy.

BUT Deterding was very

quick letting the SIU-C Sports

Information Office know that

her hometown is NOT Troy, Ill.,

but rather GRANITE CITY,

ILL.

'After learning of what the

press releases were saying,

Robin really let me know in no

uncertain terms that her

hometown is Granite City. She

told me to do something about

it," said SIU-C Women's Sports

Information Director Mitch

Parkinson.

ATHLETICS are nothing

strange to the Deterding family.

But by a long shot, Robin's

father, Don, is the head

basketball coach at Granite

City High School South and her

sister, Terri, was a participant

on the South gymnastics squad

this year as a senior.

Robin's heroics on the field

have been noticed by the

"Powers that be." She was

recently notified that the St.

Louis Hummers, a professional

women's softball team, had

drafted her and was inviting

her to camp.

BUT Deterding has declined

the offer, instead choosing to

stay at SIU-C and play

collegiate sports for two more

years. If she had signed with the

Hummers, she would have to

give up her remaining two

years of eligibility.

Don't worry, SIU, Robin

Deterding will be around for

another two years.

Cage stars shine

BELLEVILLE — They held a benefit basketball game here Thursday.

A benefit game. For an unlikely hero. The mightiest.

"The Mightiest Maroon," they call him.

His name is Brian Gleasing. He is just a sophomore at Belleville West High School. But last fall, while playing in a football game against Collinsville, something happened that changed his life . . . and nearly cost it.

He broke his neck. He is now paralyzed partially from the neck down, but has hopes of walking with a crutch soon and someday with no help at all.

The basketball stars who gathered here to play were the brightest stars in the area. The St. Clair County All Stars against the Madison and surrounding counties all stars.

The Quad Cities were well-represented on the

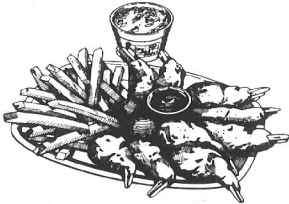

Madison County squad. Granite City South's Terry Angle and Madison's Anthony King saw considerable action and performed well.

But the most impressive moment of the night was when Brian Gleasing was introduced to the overflow crowd which filled the Belleville West gym. He received a standing ovation and every player on both squads came over to greet him. It was impressive.

Very. In photos, from top left clockwise, South's Terry Angle shoots over Althoff's Steve Hanger . . . The players take a moment at halftime to shake hands with the wheelchair-bound Brian Gleasing . . . Madison's Anthony King shoots over Lovejoy's Royce Finley and Lincoln's Leonard Nelson . . . and Collinsville star Kevin Stallings draws string of players trying to block him out.

Schwartz wins uniform contract

Victor Schwartz of Alton, who operates the Togery in his home and has supplied uniforms to the Madison County Sheriff's Department for many years, was the low bidder for summer uniforms and was awarded a \$5,378 contract by the Madison County Board last week. Schwartz lost the contract in the last round of bidding last year as Universal Uniform Co., Inc. St. Louis, bid lower on the winter uniforms and won that contract. Both firms bid again this month for the summer uniforms and Universal bid \$6,034 to Schwartz' \$5,378. Some deputies have objected, alleging the quality of the

material and the workmanship of some uniforms has been poor. County officials denied the charges, contending the Togery uniforms meet all specifications and that Schwartz was the lower bidder when sealed bids were opened by the Madison County Purchasing Department, Central Service Committee and Buildings Committee. Schwartz is to deliver 91 regular shirts, six oversize shirts, 88 pairs of trousers, eight pairs of overalls, 28 hats and 13 raincoats. In other business, the board agreed to seek bids on a new air conditioner to cool the side wing of the courthouse basement, housing Community Development offices.

Bids will be sought for pigeon and stalling control for several county office buildings in Edwardsville. Aladdin Synergetics Inc., Nashville, Tenn., was the only bidder to supply a hot meal distribution service for the county nursing home. The firm will supply hot meal trays, cups, serving carts and other equipment for \$988 every eight weeks. Butler Chevrolet of Edwardsville was selected as the low bidder to supply three new dump trucks for the County Highway Department at a cost of \$8,588 each. Wegman Electric Co. was selected as low bidder to do electrical wiring in the courthouse for \$43,350, and Wilson Construction of Godfrey was selected as low bidder to remodel restrooms on the third floor of the courthouse for \$29,211.

It was noted that the Wilson bid for restroom remodeling was submitted at \$31,325, but the architect John Rapp, was able to negotiate the bid down to \$29,211 while making only minor changes in the specifications.

Venice pupils to start new school year Aug. 24

Approval has been given by the Venice Board of Education to a tentative calendar for the Venice Public School in 1978-79. The first day of school for pupils after the summer recess will be Thursday, Aug. 24. A teachers' workshop is planned for the previous day, Aug. 23.

School will not be held Labor Day, Monday, Sept. 4. The first six weeks will conclude Oct. 9 and the second six-week period on Nov. 10. Thanksgiving holidays will be Thursday, Nov. 23 and Friday, Nov. 24. The last day of school before Christmas will be Friday, Dec. 22, and Jan. 2 will be the first day of school after New Year.

Jan. 12 will mark the end of the third six-week period of school and the conclusion of the first semester. Classes will not be held on Dr. Martin Luther King's Birthday, Jan. 15, and on Lincoln's Birthday, Feb. 12.

District Institute and the end of the fourth six-week period will be Feb. 23. Madison County Institute Day will be March 23 and the end of the fifth six-week period is April 6.

Spring vacation will be from April 9 to April 12 and the last holiday will be on Memorial Day, May 30, 1979.

June 4, 1979, will be the last day of school and the end of the sixth six-week period.

The following "snow days" could be declared "no school days" if not needed for emergency closing — May 28, 29 and 31, June 1 and June 4, the calendar states.

Grain sign-up time extended

Sign up under the Wheat and Feed Grain Programs has been extended until May 31, according to Lee Rogers, director of the Madison County Agricultural Stabilization and Conservation Service office. Because of the late spring and heavy sign-up the administration decided the extension was necessary, Rogers said. In addition to the extension, the wheat target price has been raised from \$3 to \$3.40 per bushel. This may make the program more attractive to wheat farmers, he said. All producers are urged to take a look at their operation and see how the programs might benefit them this year, he said. He urged farmers to sign up prior to May 31.
